PROFESSIONAL SUMMARY

Detail oriented Information Technology graduate with hands-on experience in web development, data management, and IT support via academic projects and internships. Proven ability to implement innovative solutions and improve system functionalities through collaborative team efforts.

WORK HISTORY

Aimble IT Solutions - Intern

Irosin, Sorsogon
Jan 26 - Apr 24, 2026

School Enrollment System (Internship Project – Web Development)

- Developed a school management system for enrollment, student records, and admin use, improving operational efficiency by streamlining administrative tasks.
- Utilized CRUD operations for managing student and payment data, facilitating real-time updates and accuracy in record keeping.
- Organized system modules for enrollment and payment tracking, enhancing information accessibility and user navigation.
- Implemented an email notification feature for enrollment status updates, improving communication flow and user engagement.

IT Support & Hardware (Internship Task – Technical Support)

- Provided hands on technical support by assembling, troubleshooting, and maintaining computer hardware, ensuring optimal system performance.
- Installed and configured Windows operating systems and Microsoft Office applications (Word, Excel, PowerPoint) to prepare computers for user use.

PROJECT HISTORY

Rental System

Technologies: Mysql, Javascript, React, Tailwindcss, Nodejs

- Implemented CRUD operations and database integration to create a comprehensive rental system, improving user transaction capabilities.
- Developed an admin panel for managing items and bookings, streamlining the operational workflow.
- Organized rental records and transaction data for improved data tracking and reporting.

Capstone Project (Game-Based Application)

- Led the capstone project development, coordinating team responsibilities and ensuring timely completion of project phases.
- Planned tasks and organized documentation, facilitating clear communication and collaboration among team members.
- Contributed to programming and system development, leveraging technical skills to meet project requirements effectively.

EDUCATION

Veritas College of Irosin

Bachelor of Science in Information Technology
Irosin, Sorsogon

2022-2026

CERTIFICATES

- Certificate of Completion – Internship, Aimble IT Solutions (2026)

TOOLS

- Microsoft Office (Word, Excel, PowerPoint)
- Google Workspace (Docs, Sheets, Drive)
- Communication Tools (Zoom, Google Meet, Discord)
- Visual Studio Code (Code Editor)

SKILLS & INTEREST

Technical Skills: Web Development, Data Management, CRUD Operations, Computer Troubleshooting, Software Installation, Microsoft Office., Javascript, React, Nodejs, MySQL, Firebase, Git Github,

Personal Skills: Organized and detail-oriented, Responsible and Reliable, Adaptable, Communication Skills, Willing to learn.

Interest: Video Editing, Photography, Learning New Technologies.
